

Leaving the Nest and Going off to College?

Exciting! Now, lets figure out that insurance coverage!

Will your college student be able to **stay on your car insurance policy**? And, will **their belongings be protected**? A dorm room can be a long way from home, BUT distance doesn't have to break the deal!

- 🏆 **Are you supporting them financially?** If so, they're a household member! It doesn't matter if they're over 18 or out-of-state.
- 🏆 **Cars that are taken to school** can remain on your auto policy.
- 🏆 Does your student maintain a high GPA? They could be eligible for a **Good Student Discount!** (Carriers have different GPA minimums, but average is 3.0 or higher.)
- 🏆 Students can be on the car title, but cars only in the student's name have to be registered and insured by the student themselves.
- 🏆 **Some personal property coverage from your existing homeowners policy should extend to your student.** Talk to your agent for details, and talk to your student about creating an inventory list and not bringing items individually worth more than your cap.

If you have any questions, your agent can help you find the answers! We LOVE questions!

Wide Open Spaces *or* More Ticket Cases?

In case you missed the memo...

On July 28, 2019, a **new law** took effect: **motorcycles must have auto insurance in Washington.**

Summertime means lots of fun outdoor destinations! If you ride a motorcycle, the open road might be calling, but if you don't have insurance, your wallet could be calling it quits.

- 🏆 **Your bike is now like your car**
- 🏆 **You need to at least have liability insurance**
- 🏆 **Being uninsured can lead to thousands of dollars in fines.**

One of Our August 2019 Google Reviews!

“Been with Mosaic from the start. We started using Amy Drewel way back when she was with another company for all our personal insurance needs, which was about 10 years ago. We moved with her when she started Mosaic. Our policies have morphed from **renters & car insurance** to **homeowners & auto insurance** and most recently **business insurance** needs. Her team of people always take care of us. Patty and Karen are amazing! I recommend them to all my friends. Recently, a friend took our recommendation and called me to tell me **Thank You** because their customer service is amazing.”

Summer, Mosaic Style!

Guess what happened this month?

Two of our amazing agents, **Tara Behrens** (left) and **Brittiany Blue**, were recognized by **Safeco** for their awesome customer service, front line underwriting, and teamwork! Their treat? A 3-hour cruise on Lake Washington! Surrounded by beautiful views around the Lake Union area, and great colleagues and friends (like Abby Roosendaal!), the girls learned some Seattle history while munching on some yummy snacks. A nice little break they for sure deserved! **Congrats, ladies**, and thank you, **Safeco!**
