

One of Our Recent Reviews!

"I was unhappy with my previous insurance agent, who was not very responsive. I started working with Jonathan at Mosaic Insurance, & not only does he get back to me quickly, he got me a much better rate on my renewal. I highly recommend Jonathan & the team at Mosaic Insurance Alliance!"

February is Earthquake Awareness Month

TOP thing to remember:

Drop, Cover, & Hold On!

Know what to do before, during, and after, such as:

- Avoid clutter and have safety places ready
- Get earthquake insurance *before*. (*Your homeowner's policy won't cover earthquake damage.*)
- Get to shelter ASAP
- Protect your head and neck
- Do not get into an elevator
- Expect aftershocks

6. Record Spending
7. Pay Yourself First
8. Spread Out Holiday Shopping
9. Focus on Sale Items
10. Apps/Websites for Coupons
11. Buy Bulk & Stock Up on Sale Items
12. Recycle/Compost
13. Low Income Community Programs

Referral Valentines for Your Favorite Agent!

Do you think your agent is awesome and that your loved ones would just love them?

We LOVE referrals and helping your friends and family get the coverage they need. We are very grateful for you sharing Mosaic with those you know. For each person you refer who receives a quote, we will donate \$10 to our current charity. The first 6 months of 2020, we are focusing on two local charities—ChildStrive (Jan-March) and Homage (April-June).

We enjoy being a part of the local community and support various charities in the area, so if you are excited about a cause, donation drive, or charity event, let us know!

MOSAIC

INSURANCE ALLIANCE, LLC

Stronger... Together

Are You Prepared for a Storm?

Celebrate National Umbrella Day with us on February 10th! We will help you get extra coverage for your home, car, and business.

Umbrella insurance increases your liability for your policies, helping protect you if you injure someone, destroy someone's property, or need to go to court.

Costs can be as low as \$150-300 a year for \$1 million worth of coverage.

How Will You Cut Energy Costs for 2020?

Saving energy can help you save money, increase the value of your property, result in less repairs/replacements, and help the planet.

1 Keep Up Cleaning & Maintenance

- Furnace
- AC
- Washer
- Oven
- Heater
- Dryer
- Stove
- Filter
- Insulation
- Fridge
- Faucets
- Water Heater
- Freezer
- Windows
- Fireplace

2 Work with Your Appliances

- Use cold water in your washer
- Clean your dryer vent before every load
- Air dry dishes instead of the dry cycle
- Wash full loads of dishes and laundry
- Keep your fridge and freezer well-stocked

3 Tune Your Habits with Electronics

- Adjust screen brightness
- Don't charge your cellphone all night
- Unplug unused items
- Turn off lights when not in use

4 Plan for the Seasons

- Cook weather appropriate
- Use natural light in the summer
- Close fireplace damper when not in use
- Keep inside doors open to circulate airflow

5 Change Your Routines

- Take shorter showers—set an alarm
- Turn off the shower when shaving/lathering
- Carpool, ride the bus/train, and walk more
- Avoid clutter, especially around vents
- Reuse items like cups and towels

6 Invest in Energy Saving Items

- Replace old, less-efficient appliances
- Replace seals and insulation
- Transition to LED bulbs
- Use solar panels
- Put weather strips on windows/doors
- Install low-flow faucets/shower heads
- Use smart power strips for electronics

7 Give Your Car Some TLC

- Use recommended gas grade and oil weight
- Maintain your alternator, serpentine belt, and serpentine pulley
- Get a quality battery with a decent warranty
- Keep battery terminals secure and greased
- Avoid aggressive driving
- Make sure the gas tank cap has a good seal.
- Drive a more efficient car—electric, hybrid, commuter, manual, etc.
