Homage

WHO WE SERVE

MARK, MINOR HOME REPAIR RECIPIENT

"My front steps were completely rotted and unsafe to use, so I found myself stuck in the house. Thanks to Homage, I now have a safe way to go outside, giving me back a freedom I thought I had lost forever."

Homage has year round programs, including **Home Repair** (pictured) and **Meals on Wheels**. These programs help low and moderate income elderly and disabled community members. Read more on their website, [Homage.org](https://homage.org), under the "Services" tab.

Thank You for Helping, One Person at a Time!

We are over halfway through the second quarter of 2020! A big thanks to everyone who has sent us referrals the last two months. We are excited to see how much we can raise for local nonprofit, Homage, located in Lynnwood, WA.

Do you think your agent could help someone you know get coverage? Between now and June 30, 2020, for every friend, family member, and coworker you send our way for a quote, we will donate \$10 to Homage.

Helping more than 25,000 individuals yearly, Homage is the largest service provider for the elderly and those with disabilities in Snohomish County. Core programs include food and nutrition, health and wellness, home repair, social services, and transportation. For over 43 years, Homage has helped those they serve maintain their independence and live a quality life by providing resources and services to their clients and those who care for them. Community is at the center of their mission to promote independence, and helps fuel their vision of helping the PNW "one person at a time."

During spring and summer months, Mosaic agents help clients protect their assets by...

Reviewing all-year-round policies. The change in weather and different activities might mean that your auto, home, property, business, etc. insurance policies need reviewed and updated. This is especially important if you made any big changes or purchases.

Getting coverage for specialty items. With more sunny weather, and the economy starting to open back up after the Coronavirus quarantine, the Pacific Northwest will soon be buzzing with all kinds outdoor activities from motorcycle rides to fishing. All that fun and bottled up energy makes it even more important to review your insurance policies for things you don't tend to use all-year-round like your boat, jet ski, RV, motorcycle, summer home, classic car, etc.

Evaluating upcoming changes. Do you need temporary coverage for the next few months? Typically, common things that are temporarily insured this time of year are events like weddings. Due to the COVID-19 shutdown, this summer is a little different than others since events have been cancelled, but there might be something else that you need to get coverage for until the season ends.
