INSURANCE ALLIANCE, LLC

*Stronger... Together*

## Are the Things You Have Heard About Life Insurance True?

Life insurance isn't as gruesome as it has been portrayed for decades. Since 2004, September has been dedicated **Life Insurance Awareness Month** to help educate the public about their options, and debunk common misunderstandings and stigmas.

For example, a common viewpoint is that life insurance should be called death insurance since it is something you are paying into that is reaped *after* you die...A whole new meaning to the Grim Reaper, huh? Well, that does not have to be the case. At Mosaic, we want you to be protected, so we are determined to help redefine its bad rep.

## Lets figure out your options & leave myths in the dust.

There are many common myths that make life insurance unattractive, such as:

- It is always EXPENSIVE.
- All policies only pay *after* you die.
- As you go up in age, your premiums will go up too.
- Life insurance is only for the elderly, parents, and those who are married.
- People with existing health issues cannot get life insurance, *period*.

Our blog explains why all the

above statements are **false**. It also debunks other common myths and has additional facts that everyone should know: [www.mosaicia.com/blog/dont-get-buried-in-the-sand-by-common-life-insurance-myths](http://www.mosaicia.com/blog/dont-get-buried-in-the-sand-by-common-life-insurance-myths) .

Mosaic can help you get life insurance with "full living benefits," disability income insurance, "tax-free" retirement income savings plans, annuities, and/or long-term care insurance.

### Community Stitches

Quarter 3 of our referral program ends September 30, and so far we have raised \$210 for our charity of the quarter, Domestic Violence Services of Snohomish County (DVS). For every referral you send us, Mosaic will donate \$10 to DVS!

Donations will go towards resources and programs that help local survivors of domestic violence.

**Picture:** Vicci Hilty, DVS' Executive Director (second to the left) with three of the members of **The All In Stitches Quilt Guild**. The group makes handmade quilts monthly for all the beds at DVS, and each shelter resident is able to take their unique quilt with them when they transition out of the shelter! A BIG thanks goes out to all of you for your hard work bringing our community together one stitch at a time!

## A Recent Review!

"I'm a first-time home buyer and we have a very fast close, so I was in need of homeowners insurance like YESTERDAY. I submitted a quote request through the website on Saturday and got a call from **Brittiany Blue** on Monday morning. We went through the details of my house quickly and efficiently, and she got me some quotes in a few hours. I appreciated that she found me a \*great\* price on insurance, and she also got me new-ish coverage that Travelers insurance offers called Hidden Water or Steam Seepage or Leakage. Normally with water claims, if the loss isn't immediate and it's been leaking for more than 14 days it's not covered, so this is a really amazing coverage for homeowners. Definitely didn't know that! Thanks Brittiany, **Paul** and team!

- **Teddy S. from Lynnwood, WA**

While our in-person office is closed, your agent can help you from home with whatever you need!

## Do You Have a Pool or Trampoline?

**Does your home insurance carrier allow trampolines and/or pools? Know before you have a claim!**

Some home insurance companies do not allow you to own them, and those that do tend to have strict requirements. Read our blog for setup steps, common requirements, and safety tips:  
[www.mosaicia.com/blog/do-you-have-to-insure-your-pool-or-trampoline](http://www.mosaicia.com/blog/do-you-have-to-insure-your-pool-or-trampoline) .
