A Recent Review!

“Mosaic has an excellent team. I had the opportunity to work on multiple insurance packages with the amazing **Jennifer Crane**. Jennifer is an exceptional strategist who effectively analyzed my situation and came up with strategically sound mix of policies to provide me with excellent coverage at very competitive costs. By the time I finished consulting with Jennifer, I had learned more about insurance than I had ever known in my life.”

Above is the Darrington Community Center being built in 1954. A historical building is like a house that is a home—it has personality, defines the spirit of the community, and is a sanctuary for past, current, and future generations. Mosaic is so happy for the opportunity to donate some funds to the center to help keep it loved for many years to come. **As the charity of the quarter for our Referral Program, the center will receive \$10 per referral you send your favorite Mosaic agent on Jan 1- March 31, 2021.**

Happy St. Patrick’s Day this 17th!

You wandered into the forest and got stuck in the middle of a maze of trees! You dropped your gold on accident before entering. A tricky leprechaun you met in the forest knows your predicament and decides that he wants your gold for himself. He got a head start and you have no idea where he went. You are on your own to get out. **You will get to your gold first if you can solve this puzzle in less than 45 seconds! Set your timer and lets see if you got to it in time. Good luck!**

How long did it take you to get out of the maze?
