

Thank You for Helping The Darrington Community Center Get \$860 Towards Building Maintenance!

The first quarter of 2021 has come to an end! You know what that means—astonishment that the year is approaching half over, and Mosaic Insurance's charity of the quarter receives their donation!

A big thanks for each of you for your reference(s)! With each loved one who was referred by you and received a free insurance quote from us, Mosaic donated \$10 to The Darrington Community Center (DCC).

The donation will go towards DCC building maintenance to keep it in working order. Built in 1954, the DCC has brought much joy to the residents in Darrington throughout the generations. A special place for sporting events, after school activities, local donation drives, and more, the DCC is a cherished place to people of all ages. It even starred in a film from 1980 called High Ice (see picture to the right)!

In 1980, the DCC was used for the Whitehorse Mountain Lodge in the film High Ice (NBC/ESJ Productions). Picture Courtesy of DCC.

Meet Beautiful Soles & Their Youth Engagement Ambassador, Jack Osburn!

Mosaic is so happy to announce that Beautiful Soles will be our Quarter 2 charity for our 2021 referral program! Founded in 2014, Beautiful Soles is an impactful non-profit in Lynnwood that has helped thousands of children get much-needed shoes. In addition to organizing community shoe drives, Beautiful Soles raises money for other life necessities like emergency shelter via hotel rooms.

Pictured below is Jack Osburn, a 16-year-old who has been a constant Beautiful Soles volunteer for the past 4 years (picture courtesy of Beautiful Soles). What is important to Jack is knowing that at the end of the day he did his part in helping make a difference:

"It is important for kids to give back to their community because it can help lots of people. If one kid gives, other people in their community and their family will most likely be super happy and grateful. It also feels great to give to others in need. Even a smile can make a person's day. If you do something nice like give shoes to another kid, they might be able to do more stuff like play with their friends and run around at recess. The reason I try to help is because it makes me and other people feel good and happy."

Tickets and tainted records are not fun. Plus, the safety of children is at stake when you do not properly yield. **It is in everyone's best interest for drivers to be alert and patient—let the school bus do its thing, and then you can continue on with your day.**
