## Happy Crime Prevention Month & National Techie Day (Oct 3)!

This October, learn more about ways that you can protect yourself and your business against crime. Your favorite Mosaic Insurance agent can help you find the right coverage to protect you against things like vandalism, rioters, theft, robbery, cyber attacks, and more. You never know what can happen. Preventative measures like security cameras are great. But, don't forget—insurance helps ensure stability if the inevitable happens.

Give us a call at **425-320-4280**, or email us at [info@mosaicIA.com](mailto:info@mosaicIA.com), and ask us about coverages like cyber liability insurance and commercial crime insurance for your business. We can also help you with your personal insurance to make sure that your home and car policies are ready to cover any new expensive items like jewelry and electronics in case someone steals your property.

## Is Your Home Insurance Ready for Trick-or-Treaters?

There is more to worry about than vandalism from rebellious teens on Halloween. You might not have thought about it, but is your home ready to have lots of children and their parents walking up to your door?

It is not uncommon for one house to get hundreds of knocks on Halloween. In both 2018 and 2019, there was an estimation of 41 million US trick-or-treaters in one night, according to the United States Census Bureau. Yes, COVID will most likely keep those numbers low this year like they did last year in 2020. **But, as we know, it only takes one kid to get hurt and for you to get a house insurance claim. Make sure you have coverage for injuries such as the ones below.**

- Tripping over steps
- Dog bites
- Slipping on icy/wet walkways
- Falling off porches
- Burns from jack-o-lanterns
- Running into decorations
