

Let Me Help You Get Coverage for Your Lifestyle

*Let's take a trip on my insurance roadmap to get your coverage ready for what **life** throws at you.*

I've been in the insurance industry since 2019. In that time, I've obtained my property and casualty, life, and health insurance licenses. I love insurance! **I love getting to know clients and helping them make the right choices on the types of policies they need.** Before insurance, I was with Wal-Mart for 26 years and I did a little bit of everything there. Coming into insurance was a huge life change for me but I love it and I wish I would've done it sooner.

I'm a sports fanatic! I love college basketball and pro football. Living in Kentucky, it's expected to love basketball. I know just about every lyric to every 80's song that was ever made, but I can't remember why I came into the kitchen sometimes. I'm a proud mom of three fur babies—two dogs and one cat—and they are my world. I love reality tv and I watch wrestling. I'm a lover of horror movies and scary books. I'm a very simple and happy-go-lucky kind of gal, and I'm very excited to be on such an awesome team. **Now, enough about me. Let's chat so I can get to know you!**

Are you interested in coverages not listed here? Don't worry, I can help you!

If you are interested in specialty insurance, like for a certain item, all you have to do is ask me! We also have seasonal coverage that is not listed here, like snowmobile insurance. I am always just a phone call or email away.

A common thing that life throws at you is the need to get a new car. Did you know...

Updating vehicles on your insurance policy needs to be done a certain way. I am ready to help you! For starters, insurance cannot be bound without the policy holder talking to their independent agent or insurance carrier directly. So, if you buy a car from a dealership or independent seller, please contact me or your carrier before you drive.

Back at my old job, a lady who had a car wreck called to file a claim...and the vehicle she was in wasn't listed on her policy—only her old vehicle was. She had purchased a new car just a few months prior. She was a nurse that worked third shift, and she assumed that the car dealership was going to call us and let us know about her purchasing the new car. She thought the dealership would have us add her new car on and take her old car off. We had to tell her 'No, car dealerships don't do that. You have to call your insurance agent.'

How Can I Help You With Your Busy Lifestyle?

- We are open Mon-Fri, 8:30 am to 5:00 pm Pacific. Some of our teammates are in different time zones, like myself. Having a wider schedule allows me to arrange an earlier time to talk.
- We aim to get things done in a timely manner, so you can call us on your lunch break and get a car added without spending a lot of time.
- We have different communication options so that you can choose one that fits your schedule and taste. You can call me, email me, text me, or schedule a video conference so that we can meet face-to-face. *Please note that coverage cannot be bound over voicemail or email.*
- I know that you are busy. All you need to do is chat with me about your situation, and then I do the footwork. You get to sit back and relax as I provide you with items like reliable coverage, different carrier options, and possible discounts. When my customers are happy, I'm happy!
- I LOVE questions. Ask whatever is on your mind, and if I do not have the answer, I will follow-up with you or point you in the right direction. You do not need to search Google for hours, wait on hold forever, call company after company, or repeat your situation to every person you talk to. I'm your one-stop-shop gal!
- If a carrier doesn't meet your coverage and/or financial needs, there is no need for you to drop what you are doing and go searching. We have over 50 insurance carriers. I am ready to do it for you!
