

**We get a lot of kids coming back. The retention rate is high, with 80%-85% returning. Then we continue to meet new kids and families each and every week, which is super exciting and proves the point that there is a huge need for this. Now we just need to take it to the next level.**

**~Coach Sal Ippolito,**

*Owner and Founder of Emerald City Floorball, LLC.*

Our son Cooper started floorball after seeing coach Sal post about an event at the Snohomish Sports Dome. At 5.5 years old, he was one of Sal's youngest participants. Cooper had a love for hockey but a fear of the ice which made floorball the perfect experience for him. Sal's patience and true love of the sport kept us coming back for any event we could make it to. His passion for the game was absolutely contagious, and we shared it with anyone we could. We no longer live in the state, but seeing Sal thrive and continue to grow has been exciting.

'Is it Monday yet?' My two boys ask all the time when they get to play Floorball. Floorball has been a great way for them to stay active during their sports off season. Coach Sal is awesome at keeping them entertained and sharp with new skills. Thanks for bringing this to Edmonds!!

I've been organizing Student Enrichment classes at Lake Forest Park Elementary for a few years now, and Coach Sal has been very fun to work with. Super responsive when I need a quick answer. Very easy to work with as far as confirming schedules and details. And I've only heard good things from the parents I've asked about their kids taking Floorball! I'm very glad that a fellow LFP parent sent me his direction.

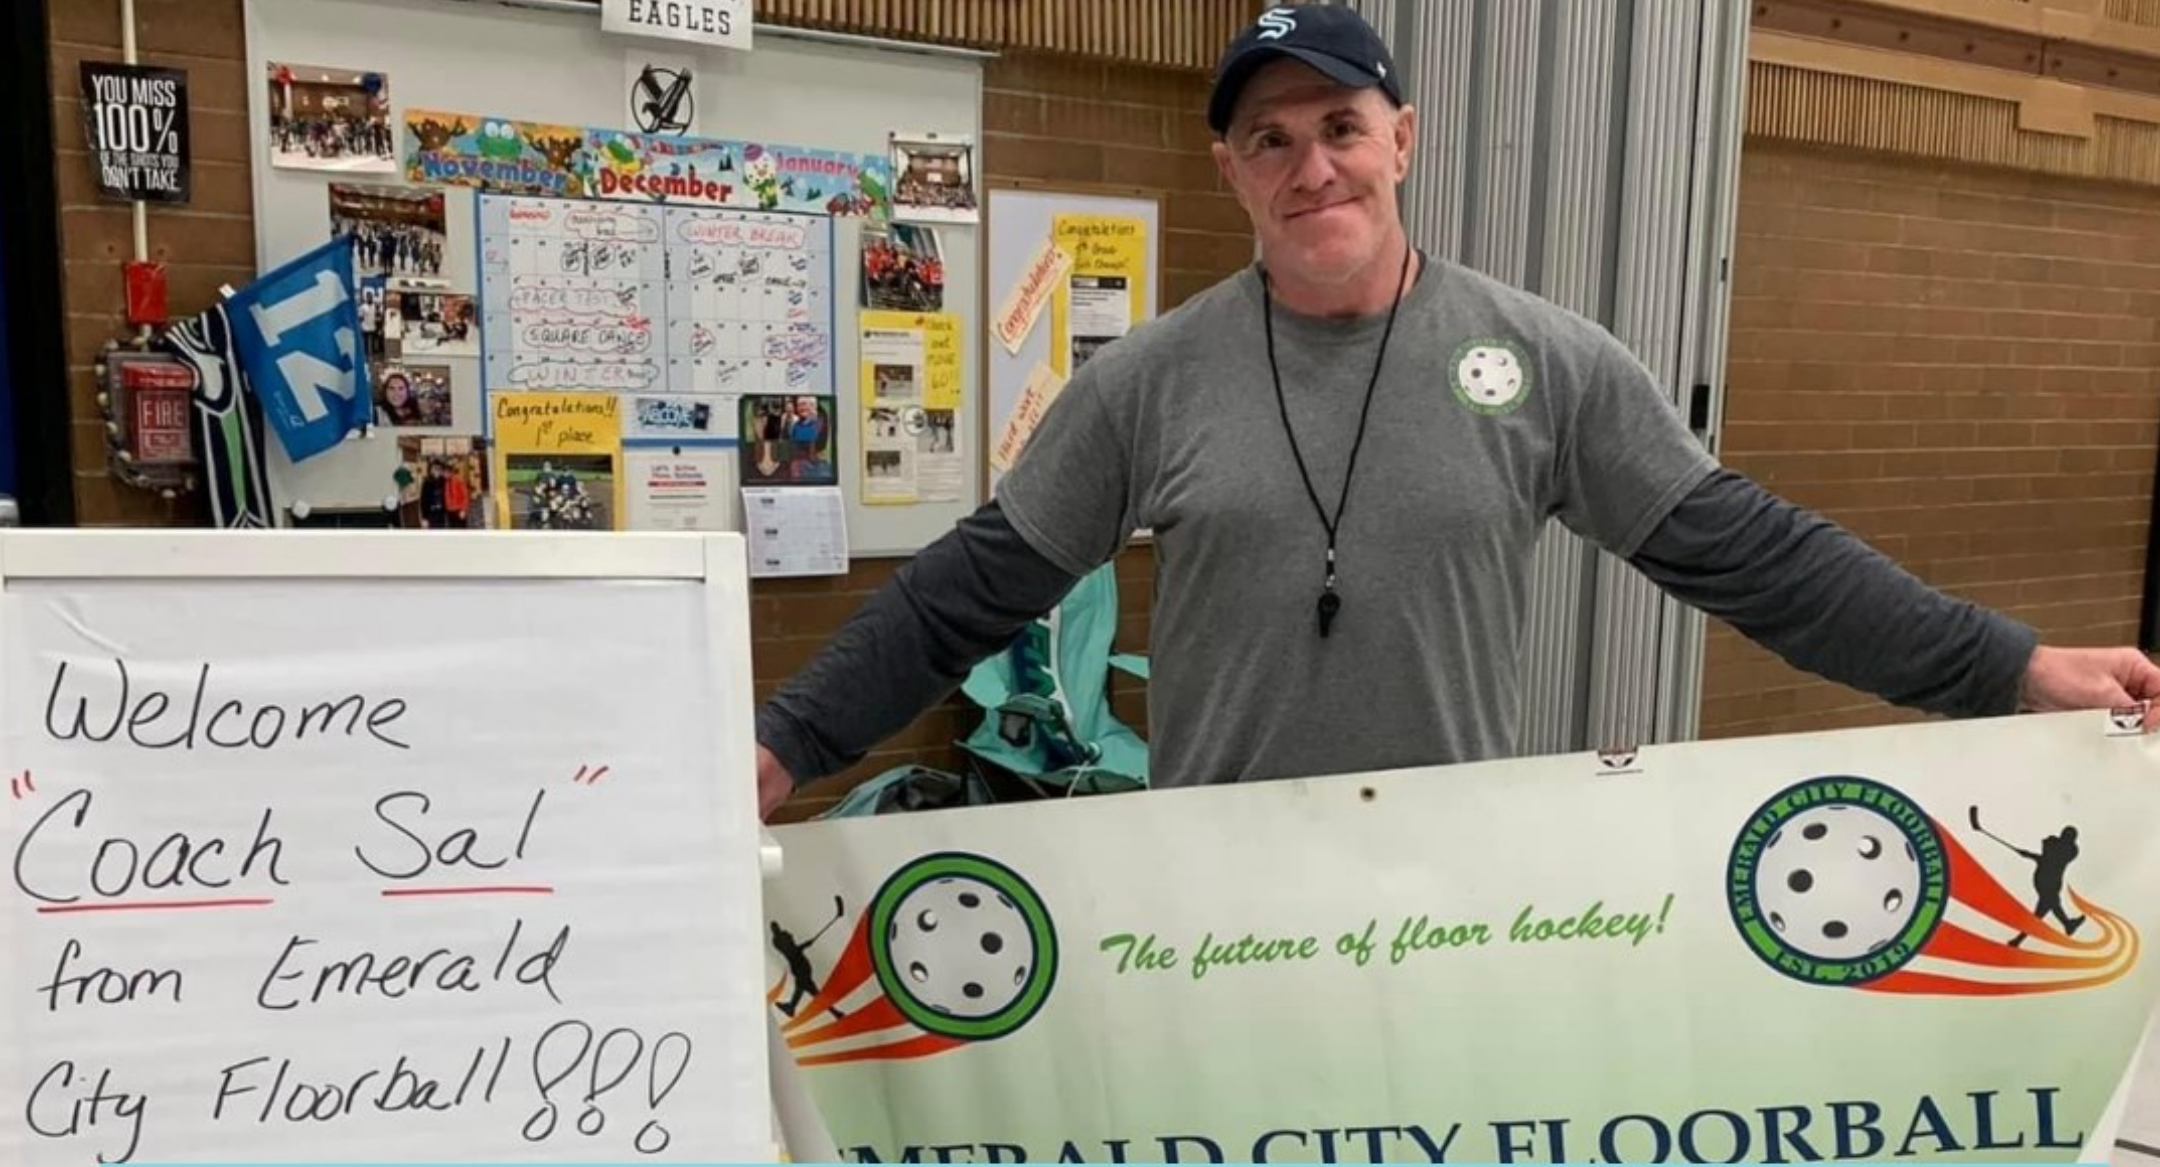

**~Sue Lee, Enrichment Coordinator at Lake Forest Park Elementary (Sal's first After School Program)**

INDOOR GOALS

Floorball with Coach Sal has been such a fun sport for my boys. They enjoy the sport so much they can't slow down until the game is over. They get so involved and enjoy this team sport. Coach Sal makes sure everyone gets a chance to play and everyone is playing an equal amount of time. If you're looking for a sport to try, I highly recommend floorball with Coach Sal."

Welcome  
"Coach Sal"  
from Emerald  
City Floorball!!!

My 1st grader raves about floorball each week and asks, 'Is today floorball day?' EVERY DAY! He is really enjoying learning the fundamentals and Coach Sal does a wonderful job not only teaching the kids, but working with them on drills and playing actual games! I am the parent volunteer so I'm getting to witness this and the progress each kid is making every week! It's really amazing! I keep asking myself how Sal continues to be so patient and kind with 20+ rowdy kids, but I can only assume he is made of something special because he is such a calm, yet fun coach!

~Kelly Drodofsky, *Parent Volunteer*

Coach Sal put on a Floorball show for my PE classes at Sherwood! The kids loved the sport and can't wait to sign up for his after-school program here at our school. I highly recommend Sal and Emerald City Floorball for your young athlete!! It's a blast!!”

**I believe that the sport of hockey should be for everybody. I believe kids in today's day and age need more healthy, fun, safe, and affordable activities to play and enjoy. *How do you do that?* By going grassroots, and floorball is as grassroots as it gets.**

MOSAIC  
INSURANCE

G ★ ★ ★ ★ ★

**Karen Moehrle** is the best. She has been awesome to help me get insurance. She really went to bat for me, and I greatly appreciate it. Getting insurance was critical to getting into a lot of these programs and going forward.
